Lyrics from Lockdown live from DC Jail!

In addition to performing at the Kennedy Center, the cast and crew of Lyrics from Lockdown were able to perform for various incarcerated men and women at the DC Jail. It was an experience they would never forget. Held at the DC Jail chapel, these incarcerated men and women were able to witness Bryonn Bain's incredible story.

Lyrics from Lockdown provides a glimpse into the deeply flawed criminal justice system and reflects America's ongoing issues of racism and mass incarceration.

"What an honor it was for us to perform here. Spreading the arts in spaces like this is what Sankofa is all about!" - Gina Belafonte, Director

Lyrics from Lockdown is a critically acclaimed exposé of the ways race, class, power, and privilege shape prisons and policing in America. It is a story of survival that reveals how the justice system can radically change a young person's life.
